As seen by customer

External battery. Uninterrupted sales, and easy to change.

Battery can be replaced without breaking the seal or requiring technical assistance. Greater efficiency. You never lose a sale through power failure.

Main characteristics:

- ✓ This unit offers flexible solutions for a variety of markets. Better sales possibilities, and less stock requirements.
- ✓ Overload protection, avoiding damage to the equipment;
- ✓ Level indicator (bubble level);
- ✓ Adjustable feet, for easier leveling;
- ✓ Liquid crystal display (LCD) for greater energy savings;
- ✓ 2 display panels (front and back) indicating weight, price per kilo, and total price;
- ✓ Programmable automatic power shut off for energy savings;
- ✓ Comparison function (weight checking in relation to a standard underweight or overweight);
- ✓ External battery with a capacity for 120 hours of normal use (used economically, battery life can be extended to 180 hours). Greater efficiency and lower maintenance costs, as there is no need to break the unit's seal when replacing the battery;
- ✓ Intelligent charger, guaranteeing longer working life for battery;
- ✓ Password required at switch on, to avoid use by unauthorized persons, or in the case of theft.

Electrical/mechanical Characteristics:

- ✓ Liquid crystal display, 14 mm in height;
- ✓ Full-Range power source, 90 to 240 VAC (50/60 Hz);
- ✓ Consumption under normal conditions: 6.6 Watts;
- ✓ Approximate weight ex-factory: 7.4 kg;
- ✓ Stainless steel weighing tray;
- ✓ Operating temperature: 0° C to 50° C;
- ✓ Relative humidity: 10 to 85% without condensation;
- ✓ 340 mm x 310 mm;
- ✓ Serial port for Urano USE-PII printer.

Operating Characteristics:

- ✓ 60 price per kilo memories (not lost following power failure);
- ✓ Fixed price;
- ✓ TARE (up to maximum capacity);
- ✓ Keyboard control functions;
- ✓ Automatic label printing facility after memory search;
- ✓ Waterproof 16-key keyboard;
- ✓ Alphanumeric warning messages on the display panel to advise user in case of defects or failures.

Using with label printer

Automated label printing.

Automatic label test; 3 types of labels; Pre-packaging; Two date programming: fabrication and best before.

Man./Pack	Sell By	Net Weight	Unit Price \$/kg	Total Price \$
